\"This book provides the first ever overview of the history and development of Islam in Afghanistan. It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day. Based on primary sources in Arabic, Persian, Pashto, Urdu and Uzbek, its depth and scope of coverage is unrivalled by any existing publication on Afghanistan. As well as state-sponsored religion, the chapters cover such issues as the rise of Sufism, Sharia, women's religiosity, transnational Islamism and the Taliban. Islam has been one of the most influential social and political forces in Afghan history. Providing idioms and organizations for both anti-state and anti-foreign mobilization, Islam has proven to be a vital socio-political resource in modern Afghanistan. Even as it has been deployed as the national cement of a multi-ethnic 'Emirate' and then 'Islamic Republic,' Islam has been no less a destabilizing force in dividing Afghan society. Yet despite the universal scholarly recognition of the centrality of Islam to Afghan history, its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements. To help develop a more comprehensive, comparative and developmental picture of Afghanistan's Islam from the eighth century to the present, this edited volume brings together specialists on different periods, regions and languages. Each chapter forms a case study 'snapshot' of the Islamic beliefs, practices, institutions and authorities of a particular time and place in

Iqbal's Poetry

In 680 C.E., a small band of the Prophet Muhammads family and their followers, led by his grandson, Husain, rose up in a rebellion against the ruling caliph, Yazid. The family and its supporters, hopelessly outnumbered, were massacred at Karbala, in modern-day Iraq. The story of Karbala is the cornerstone of institutionalized devotion and mourning for millions of Shii Muslims. Apart from its appeal to the Shii community, invocations of Karbala have also come to govern mystical and reformist discourses in the larger Muslim world. Indeed, Karbala even serves as the archetypal resistance and devotional symbol for many non-Muslims. Until now, though, little scholarly attention has been given to the widespread and varied employment of the Karbala event. In *Reliving Karbala*, Syed Akbar Hyder examines the myriad ways that the Karbala symbol has provided inspiration in South Asia, home to the worlds largest Muslim population. Rather than a unified reading of Islam, Hyder reveals multiple, sometimes conflicting, understandings of the meaning of Islamic religious symbols like Karbala. He ventures beyond traditional, scriptural interpretations to discuss the ways in which millions of very human adherents express and practice their beliefs. By using a panoramic array of sources, including musical performances, interviews, nationalist drama, and other literary forms, Hyder traces the evolution of this story from its earliest historical origins to the beginning of the twenty-first century. Today, Karbala serves as a celebration of martyrdom, a source of personal and communal identity, and even a tool for political protest and struggle. Hyder explores how issues related to gender, genre, popular culture, class, and migrancy bear on the cultivation of religious symbols. He assesses the manner in which religious language and identities are negotiated across contexts and continents. At a time when words like martyrdom, jihad, and Shiism are being used and misused for political reasons, this book provides much-needed scholarly redress. Through his multifaceted examination of this seminal event in Islamic history, Hyder offers an original, complex, and nuanced view of religious symbols.

Kissing Sin

Centering Pakistan in a story of transnational Islam stretching from South Asia to the Middle East, Simon Wolfgang Fuchs offers the first in-depth ethnographic history of the intellectual production of Shi'is and their religious competitors in this "Land of the Pure." The notion of Pakistan as the pinnacle of modern global Muslim aspiration forms a crucial component of this story. It has empowered Shi'is, who form about twenty percent of the country's population, to advance alternative conceptions of their religious hierarchy while claiming the support of towering grand ayatollahs in Iran and Iraq. Fuchs shows how popular Pakistani preachers and scholars have boldly tapped into the esoteric potential of Shi'ism, occupying a creative and at times disruptive role as brokers, translators, and self-confident pioneers of contemporary Islamic thought. They have indigenized the Iranian Revolution and formulated their own ideas for fulfilling the original promise of Pakistan. Challenging typical views of Pakistan as a mere Shi'i backwater, Fuchs argues that its complex religious landscape represents how a local, South Asian Islam may open up space for new intellectual contributions to global Islam. Yet religious ideology has also turned Pakistan into a deadly battlefield: sectarian groups since the 1980s have been bent on excluding Shi'is as harmful to their own vision of an exemplary Islamic state.

Reliving Karbala

The Indus region, comprising the northwestern part of the Indian subcontinent (now Pakistan), has always had its distinct identity - racially, ethnically, linguistically and culturally. In the last five thousand years, this region has been a part of India, politically, for only five hundred years. Pakistan, then, is no 'artificial' state conjured up by the disaffected Muslim elite of British India. Aitzaz Ahsan surveys the history of Indus - as he refers to this region - right from the time of the Harappan civilization to the era of the British Raj, concluding with independence and the creation of Pakistan. Ahsan's message is aimed both at Indians still nostalgic about 'undivided' India and their Pakistani compatriots who narrowly tend to define their identity by their 'un-Indianness'.

The Rosary of Love

When the world-illuming sun rushed upon Night like a brigand,
My weeping bedewed the face of the rose.
My tears washed away sleep from the eye of the narcissus,
My passion awakened the grass and made it grow.
The Gardener taught me to sing with power,
He sowed a verse and reaped a sword.
In the soil he planted only the seed of my tears
And wove my lament with the garden, as warp and woof.
Tho' I am but a mote, the radiant sun is mine:
Within my bosom are a hundred dawns.

In a Pure Muslim Land

"I had an obsession with the Amish. Plain and simple. Objectively it made no sense. I, who worked hard at being special, fell in love with a people who valued being ordinary." So begins Sue Bender's story, the captivating and inspiring true story of a harried urban Californian moved by the beauty of a display of quilts to seek out and live with the Amish. Discovering lives shaped by unfamiliar yet comforting ideas about time, work, and community, Bender is gently coaxed to consider, "Is there another way to lead a good life?" Her journey begins in a New York men's clothing store. There she is spellbound by the vibrant colors and

stunning geometric simplicity of the Amish quilts "spoke directly to me," writes Bender. Somehow, "they went straight to my heart." Heeding a persistent inner voice, Bender searches for Amish families willing to allow her to visit and share in their daily lives. Plain and Simple vividly recounts sojourns with two Amish families, visits during which Bender enters a world without television, telephone, electric light, or refrigerators; a world where clutter and hurry are replaced with inner quiet and calm ritual; a world where a sunny kitchen "glows" and "no distinction was made between the sacred and the everyday." In nine interrelated chapters--as simple and elegant as a classic nine-patch Amish quilt--Bender shares the quiet power she found reflected in lives of joyful simplicity, humanity, and clarity. The fast-paced, opinionated, often frazzled Bender returns home and reworks her "crazy-quilt" life, integrating the soul-soothing qualities she has observed in the Amish, and celebrating the patterns in the Amish, and celebrating the patterns formed by the distinctive "patches" of her own life. Charming and refreshingly spare, Plain and Simple speaks to the seeker in each of us.

The Secrets of the Self

Iblees ki Majlis-e-Shoora is a conversation between Iblees (the devil) and the five members of his advisory council. It is one of the final works of Allama Iqbal. The work consists of 64 amazingly dramatized, well composed couplets. Here, Iblees presides over the clandestine session and leads the conversation. He boasts how successfully he has misled Mankind throughout history by introducing ideas and doctrines such as Imperialism, Capitalism, Fascism etc., which have ultimately landed the human society in ruins. His advisers point towards a few emerging trends such as Western democracy and Marxism that they saw as potential threats to the evil regime of Iblees. Summarily dismissing all these apprehensions of his advisers, Iblees concludes, that the revolutionary spirit of Islam is the greatest threat to his evil empire and hence the most

crucial task ahead was to stop the waves of Muslim resurgence. He instructs them to keep the followers of Islam totally preoccupied with vain spiritual rituals, complex philosophical debates and narrow theological intricacies. Allama Iqbal, an advocate of universal human fraternity, envisaged the revival of the original Islamic civilization, globally. His works, exposed the limitations of the socio-political and economic concepts introduced by the West.

Women with Mustaches and Men Without Beards

"Frontier of Faith" examines the history of Islam-especially that of local "mullahs," or Muslim clerics-in the North-West Frontier. A largely autonomous zone straddling the boundary of Pakistan and Afghanistan, the Tribal Areas was established as a strategic buffer zone for British India, and the resulting autonomy allowed local mullahs to assume roles of tremendous power. After Partition in 1947, the Tribal Areas maintained its status as an autonomous region, and for the next fifty years the "mullahs" supported armed mobilizations in exchange for protection of their vested interests in regional freedom. Consequently the Frontier has become the hinterland of successive, contradictory "jihad" in support of Pashtun ethnicism, anti-colonial nationalism, Pakistani territorialism, religious revivalism, Afghan anti-Soviet resistance, and anti-Americanism. Considering this territory is said to be the current hiding place of Osama bin Laden, there couldn't be a better time for a sourcebook detailing the intricacies of the Pakistan-Afghanistan borderlands today and the function of the "mullahs" and their allies.

Plain and Simple

The first book to explore the modern history of Islam in South Asia The first modern state to be founded in the name of Islam, Pakistan was the largest Muslim country in the world at the time of its establishment in 1947. Today it is the second-most populous, after Indonesia. Islam in Pakistan is the first comprehensive book to explore Islam's evolution in this region over the past century and a half, from the British colonial era to the present day. Muhammad Qasim Zaman presents a rich historical account of this major Muslim nation, insights into the rise and gradual decline of Islamic modernist thought in the South Asian region, and an understanding of how Islam has fared in the contemporary world. Much attention has been given to Pakistan's role in sustaining the Afghan struggle against the Soviet occupation in the 1980s, in the growth of the Taliban in the 1990s, and in the War on Terror after 9/11. But as Zaman shows, the nation's significance in matters relating to Islam has much deeper roots. Since the late nineteenth century, South Asia has witnessed important initiatives toward rethinking core Islamic texts and traditions in the interest of their compatibility with the imperatives of modern life. Traditionalist scholars and their institutions, too, have had a prominent presence in the region, as have Islamism and Sufism. Pakistan did not merely inherit these and other aspects of Islam. Rather, it has been and remains a site of intense contestation over Islam's public place, meaning, and interpretation. Examining how facets of Islam have been pivotal in Pakistani history, Islam in Pakistan offers sweeping perspectives on what constitutes an Islamic state.

The Other Kashmir

Born Jalal ad-Din Mohammed Balkhi in Persia early in the thirteenth century, the poet known as Rumi expressed the deepest feelings of the heart through his poetry. This volume consists of new translations edited by Deepak Chopra to evoke the rich mood and music of Rumi's love poems. Exalted yearning, ravishing ecstasy, and consuming desire emerge from these poems as powerfully today as they did on their creation more than 700 years ago. "These poems reflect the deepest longings of the human heart as it searches for the divine. They celebrate love. Each poetic whisper is urgent, expressing the desire that penetrates

human relationships and inspires intimacy with the self, silently nurturing an affinity for the Beloved. Both Fereydoun Kia, the translator, and I hope that you will share the experience of ravishing ecstasy that the poems of Rumi evoked in us. In this volume we have sought to capture in English the dreams, wishes, hopes, desires, and feelings of a Persian poet who continues to amaze, bewilder, confound, and teach, one thousand years after he walked on this earth' - Deepak Chopra

Risalo

Ever since the terrorist incident of September 11th a general understanding seems to have arisen among people that the challenges posed by Islam have now acquired human and global dimensions. *Popular Movements and Democratization in the Islamic World* contains case studies of people's movements in diverse areas and periods, and it seeks to develop a comparative view of Islam and democracy that goes beyond the usual stereotype of Islam being incompatible with democracy. Unravelling the complexities that have arisen between Islam and democracy is the principal task of Islamic scholars, and this book will undoubtedly prove a starting point for all such endeavours. While primarily intended for students and scholars, this timely and important text will prove of interest even to general readers with interests in Islamic studies.
